

Dana Powell

Singer, Songwriter, Pianist

BIO

Dana Powell is a Canadian singer, songwriter and pianist now living in Indiana, US. She grew up in Nelson, BC, Canada where she studied classical piano throughout high school. After graduating, Dana studied jazz piano performance at the Conservatory of Music in Victoria, BC, Canada.

She has performed all over the world as a singer and pianist and now focuses her time writing and recording original songs.

Dana's EP "Mirrors", produced by Grammy Award winning engineer, Philip Larsen (Katy Perry, Kylie Minogue) was released in 2023. Her songs have been featured on various radio stations across North America including NPR. Dana is currently recording her first full-length pop-country album that is set to be released in 2024.

Dana also is the co-host of the Let's Move Canada Podcast (Canadian Health and Fitness Institute) which features prominent Canadian athletes, and health and wellness professionals.
